

RADIO BUILDS HOME IMPROVEMENT BRANDS

Canadians exposed to **HOME IMPROVEMENT** advertising were almost **THREE TIMES** as likely to recall hearing the advertising on **RADIO** compared to advertising on all other channels. The secret of effective branding is to ensure that all aspects of brand communication reflect a common theme and character. A study of RadioGAUGE campaigns revealed that advertisers who used an established creative treatment, unified their creative messaging across audio and video channels, and/or used a sonic branding device, had the most successful results across all measures.

Index 139

Brand Consideration

Canadians exposed to **HOME IMPROVEMENT** advertising on **RADIO** were 39% more likely to feel a greater sense of connection with the brand. This reflects radio's incredible ability to build close relationships with listeners.

Index 121

Unprompted Brand Awareness

Using radio raises recall, contributing to a competitive sales advantage! The Canadian average for unprompted awareness for all brands is 113, while the well known **HOME IMPROVEMENT** brands tested came in well above average at 121.

Index 177

Ad Awareness

People exposed to radio in the **HOME IMPROVEMENT** campaigns tested were 77% more likely to recall the ads than those exposed to all other media combined. This has spill over effect making respondents more aware of all advertising.

RadioGAUGE Canada has demonstrated that the inclusion of radio in the media mix improves results across all measures. Not only does radio increase brand awareness, those exposed to radio increased their consideration of the brand, proving that the inclusion of radio pushes the brand onto the purchase consideration list.

RadioGAUGE respondents exposed to radio also indexed well above average for Ad Credibility.
